# Fléchet

— *A new page  
in history*

WHEN HERITAGE  
MEETS THE FUTURE  
OF FASHION.

Since 1859, Fléchet has stood for exceptional craftsmanship, timeless elegance and a commitment to quality. With the creation of M by Fléchet, the fashion house has opened a new path, offering a bolder, more accessible vision of the hat as a true fashion companion. Today, these two worlds are coming together to write a new page, fusing tradition and modernity, sophistication and freedom.

**TOGETHER,  
FLÉCHET AND  
M BY FLÉCHET  
SHARE STRONG  
VALUES.**

**Tradition and excellence :**  
**Each product reflects over 160 years of know-how.**

All our hats are handmade with the utmost care and attention to detail in the finest workshops in France and Europe. Each stage of the manufacturing process is carried out by hand, following the brand's century-old tradition.

We respect several mandatory steps. For the felt : sorting out the raw wool, cleaning of the wool, manufacturing the wool cones, shaping of the hats, the finishing touches, the lining and the inner band. For straw : weaving and shaping. For caps : sewing the fabric, shaping, ironing and finishing.

**Sustainability and ethics :**  
**Rigorous selection of materials and a commitment to protecting the environment.**

Our hats are carefully crafted from the materials best suited to your comfort. Whether they are made of straw, cotton or linen for summer, Merino wool, Donegal, Harris Tweed, Cashmere, fur felt or leather for winter, our hats provide the optimum protection against the bad weather or the sunrays.

At Fléchet all our hats are made in Europe, we are committed to reducing our carbon footprint and supporting local economies. Our head office is based in Loudun in France and offers centralised distribution allowing easy access to the whole country. We are committed to maintaining stocks so that our partners can order and restock throughout the year. With the aim of minimizing our impact on the environment and protecting and respecting nature, our team selects natural fibres such as virgin wool, organic cottons or natural dyes.

**Creativity and accessibility :**

A diversity of styles, for everyone, at any time.

THIS REVIVAL  
COMBINES TIMELESS  
ELEGANCE WITH  
CONTEMPORARY  
ENERGY, MAKING  
EVERY HAT A SYMBOL  
OF STYLE AND  
CHARACTER.

With this fusion, Fléchet affirms its ambition : to be at your side for every moment, every season, every story. Much more than an accessory, our hats become witnesses to your moments, a reflection of your personality and the echo of a long-lasting heritage.

## Women's collection

— Glamour  
and femininity

# STRAW

---

Each model in this collection is crafted in Italy with meticulous attention to detail and reflects a meticulous selection of materials, including natural straw, extra-fine raffia and delicate fibres. This elegant collection is notable for its variety of shapes, weaves and colours, which are accentuated by colourful braiding, printed scarves and contrasting materials. Either classic or bold, these hats combine lightness, style and sun protection with a confident look. They are the perfect accessory for shining from the seaside to the city with charm and distinction.

elegance

# RAIN

Combining performance and style, our Rain collection features elegant designs for women and men that will keep you protected in all weathers. Mostly made from coated cotton, these hats are waterproof and comfortable. Some models offer high SPF50 sun protection thanks to technical fabrics that effectively filter UV rays. The colours are natural and blend harmoniously into the landscape. Soft and soothing shades are used for models with SPF 50; for men, there are camouflage shades and warm earth tones; and for women, there are bolder, pop colours. This is a collection that combines practicality, respect for the environment and aesthetics. Particular focus is given to organic cotton, which offers protection, softness and sustainability.

**Organic cotton**

SPF50 organic cotton is grown without pesticides or chemicals, guaranteeing a healthier fibre to protect the planet. Its production favours ecological and sustainable processes while providing certified natural and effective sun protection. Soft and supple, it provides optimal comfort combined with long-lasting anti-UV performance for the skin. It is a responsible choice that combines well-being and environmental commitment.
